Mayor and DA disagree on terminology

by Ferrin Cox
Publisher

District Attorney Joel Folmar responded last week to news accounts of Elba Mayor Haywood concerning the move, by Folmar, to turn prosecution responsibility for all municipal cases back to the city.

In a letter dated November 22nd, Folmar wrote, "The idea that I must appear before the Elba City Council and the Mayor to negotiate services, as reported, is preposterous."

He was reacting to statements made by Haywood at a recent council meeting. The mayor had read Rule 17 of the Rules of the Alabama Supreme Court dealing with prosecution assistance by municipality. He indicated that the sentence which read in part "...that prior to the fur-

nishing of prosecutorial services by a municipality, the district attorney and the municipality should agree to an equitable reimbursement for said services" meant the DA should meet

Folmar wrote, "The idea that I must appear before the Elba City Council and the Mayor to negotiate services, as reported, is preposterous."

with the entire city governing body to work out an agreement before the change could take place.

Folmar wrote that the duty to furnish prosecution is *mandatory* (on

the city) under the law and the part about reaching an agreement for reimbursement is *suggested* language.

The two parties disagree over the "equitable reimbursement" part of Rule 17. Haywood states reimbursement should cover the cost of hiring an attorney to prosecute the cases. Folmar writes that he is willing to give back to the city everything he gets from the individual cases. There have been no figures announced which would indicate how much these court costs amount to in any given year. However Folmar wrote in his letter of the 22nd that he is in the process of getting this information from the state computer system.

A dramatically increased criminal case load in the 12th Circuit was cited by Folmar as the reason for discontinuing District Court prosecution services for municipal ordinance violations in Elba, Kinston and New Brockton.

The DA's office staff includes the District Attorney, two full time assistant prosecutors and one part-time prosecutor.

Judge Butts orders special jury term of circuit court to try criminal cases

by Ferrin Cox
Publisher

On Monday of this week 12th Judicial Circuit Presiding Judge Terry Butts ordered a special jury term of circuit court in Elba to try all pending criminal cases. The term of court is set to begin January 17, 1995.

A number of pending cases had been set for the current term of criminal court, but for one reason or another had been continued. According to Butts' order of Monday, all those cases are rescheduled for the January term of court.

One highly visible case which was again continued from this current special term of criminal court is the state indictment against Elba Mayor Ricky Haywood. This case had been continued by Butts when Haywood's Montgomery attorney reported a conflict with another case he was representing in a Montgom-

ery court. Court officials indicate the Haywood case will be one of the pending cases called in this January special term of court.

A Grand Jury term set to begin on the 17th has been rescheduled to January 19th.

Assigned to the special term of court is Judge Gary McAllely and Judge Tom Head. McAllely will preside over the term of court.

Butts ordered that the District Attorney immediately publish a trial docket of all criminal cases now pending in the Elba Division of Coffee County.

The call for the special session also had a paragraph which read in part, *"FURTHER ORDERED that NO CONTINUANCES are to be sought and said pending criminal cases in the Elba Division of Coffee County shall be disposed of at said term of criminal court on January 17, 1995."*

Voters remain in dark on absentee votes

by Ferrin Cox
Publisher

Court orders instructing election officials to count, not to count, to count and again not to count about 2,000 absentee votes in Alabama has voters still in the dark. The General Election was on November 8th but Alabama voters are still not sure about the winner in several races.

The 2,000 votes in dispute are of voters who failed to exactly comply with requirements to get absentee ballot signatures notarized.

In Coffee County there were 11 voters whose ballot fell in this category. Last Wednesday morning, in compliance with the then prevailing court order, election officials formal-

ly canvassed these eleven ballots. Once the additional votes had been properly counted by the absentee ballot poll officials, they were certified by the three member county committee.

Sheriff Mickey Counts hand carried the results to Montgomery immediately. However, before the statewide counting was completed, a Mobile federal judge had again stopped the counting until he could hold a December 5th hearing on the matter.

The Coffee County vote, certified and released before this last order, gave the most votes to the two Democrats in both the most hotly contested statewide races, Chief Justice of the Alabama Supreme Court

and State Treasurer.

Sonny Hornsby received six votes and Perry O. Hooper, Sr. got five in the race for Chief Justice. Lucy Baxley received seven votes and Jim Martin received four in the race for State Treasurer.

Unconfirmed reports indicate officials in the Secretary of State's office had tallied the extra absentee votes from 37 of the 67 counties before the last federal court order to stop the count.

There are at least four other lawsuits still active in state and federal courts challenging various aspects of the November 8th election. However, the Mobile case is the only one which has ordered a freeze on the count statewide.

Mayor proclaims Home Care Week in Elba

Home Care Services of Elba is celebrating National Home Care Week. Elba Mayor Ricky Haywood proclaimed November 27, 1994 through December 3, 1994 as Home Care Week in Elba.

Home Care is one of the oldest and most enduring traditions of health service delivered in the U.S. Patients have medical care in their own homes and often get back to normal activities within a shorter period of time. The support of family and friends, and a familiar environment helps the healing process for all people.

Home Care provides a wide range of medical and supportive services to the ill, disabled, and infirm. Some of the supportive services are skilled nursing, physical therapy, speech therapy, social services, and personal hygiene care.

Under the direction of a physician, a plan of treatment is developed to meet the patient's personal, physical, and emotional needs. The multi-disciplinary approach is coordinated by a registered nurse who supervises a team of caring professionals in allowing the patient to remain at home and receive quality, affordable health care.

PROCLAMATION SIGNED...Pictured above are (l-r): Seated - Alisa Maund, Mayor Haywood, and Kathy Bozeman. Standing - Jo Danford.

ble health care. Home Care Services of Elba Administrator Mary Forehand, RN, states, "Home Health Care allows

Elba's disabled and chronically ill citizens of all ages to remain at home with their families in a familiar environment."

HILLTOP CABIN DESTROYED BY FIRE...Firemen made a gallant attempt to save the hilltop cabin belonging to Dr. and Mrs. Kenneth Strong but an insufficient water supply made that impossible. Shortly after 2:00 p.m. Thanksgiving Day, firemen were summons to the house located on Taylor Mill Road and upon arriving found the structure totally engulfed in flames. Lost in the fire were many pictures, memorabilia and other irreplaceable items belonging to the Strong family.

County Commission holds lengthy routine meeting

by Marvin McIlwain
Editor

The Coffee County Commission held a rather lengthy but routine meeting Monday morning.

A representative from Ewing, Conner & Associates, Scott Stewart, addressed the commission concerning grant applications.

He briefed the commissioners on the Dothan company's background and history. He also added an overview of their success rate in obtaining grants.

Stewart stated that his company's expertise was in the field of obtaining grants for community develop-

ment. He told commission members that 90% of the company's work deals with the Alabama Department of Economic and Community Affairs (ADECA).

ADECA funds different areas of community development through block grants. Stewart's company specializes in the preparation of applications by local governmental bodies for these funds.

Commissioners were told that Ewing, Conner & Associates have been highly successful in obtaining funds for neighboring Dale and Henry counties.

They have also worked with the City of Enterprise and Town of New Brockton in obtaining grant funds for housing improvements in each of the communities.

In summing up his presentation and asking for the commission's consideration in using his firm for preparation of grant applications, Stewart stated that his company only received compensation for their services if they were successful in obtaining grants.

Almost as if by design, the next person to address the commissioners was Ms. Merle Motley Zetzwick. She was seeking the commission's help on obtaining rural water.

This is one field in which Community Block Grants received through ADECA have been very beneficial in helping rural residents obtain a good water system.

Ms. Zetzwick told members of the commission that her home was only 1 mile from the end of a rural water system.

"We need water!" said Ms. Zetzwick.

She explained to the commissioners that she was only one of about 25 other residents, and possibly quite a few more, who were in desperate need of a good supply of water.

Ms. Zetzwick stated that most of the residents were elderly, retired individuals who cannot afford the expense of a residential well.

She also noted that there are also residents in the area who are sick and shut-in who have a great need for a good water supply.

The area in which Ms. Zetzwick referred to is located approximately 2 miles west of Battens Crossroads along Co. Rd. 636.

The area lies between two rural water systems, Goodman and Battens Crossroads-Mt. Pleasant.

In talking to the Battens Crossroads-Mt. Pleasant authority, Ms. Zetzwick was told that they, the water authority, did not have the funds to extend their system at the present time.

As for the Goodman Water System, it would be very expensive for them to expand into the area because of two creeks that would have to be crossed in doing so.

Commission Chairman Lawrence Creel explained to Ms. Zetzwick that her problem was not a unique one.

"We have people all over the county that would like to be on a community water system," he said.

Creel stated that Coffee County, at the present time, has 5 or 6 different water authorities.

He said that a short time ago an attempt was made to combine all the systems into one county-wide system. This attempt failed.

It was felt by the supporters of this proposal that the county residents would benefit greatly from the one system. The chances of obtaining funds to expand and improve the one system would be greatly increased.

All members of the commission expressed their concern and willingness to assist Ms. Zetzwick in doing what they could to help her and others obtain a good safe water supply.

Ms. Zetzwick commented that the water problem should be turned over to Mark Pool, "he really wants to help."

Continuing with their meeting agenda, County Engineer Mark Pool told commissioners that flood repairs were going real well.

"The work should be about 96% complete by the end of December," said Pool. "We anticipate being through by the end of January."

Only three county roads, numbers 105, 209, and 546, remained closed at this time.

Commissioners were told by Pool that there has been a 75% increase in the compaction of the garbage at the landfill during recent months.

In layman's terms, this means the lifespan of the landfill will be increased.

"This should continue to improve as time goes by," said Pool.

During the general business session of the meeting, the commissioners were in 50% agreement on resolutions passing 2 out of the 4 proposed.

Commissioner Bernest Brooks introduced two resolutions which failed to pass for lack of a second.

The first one stated, in general terms, that all supermarkets located in the county give local commercial farmers an opportunity to compete for supplying them with produce.

Brooks offered failed resolution dealt with the voting process.

In the resolution, he alleged that "cross-over voting by members of the Republican and Democratic Parties had caused undue discontent among the electorate of the State of Alabama."

Brooks proposes that a law be enacted which would not allow cross-over voting in the primary elections. In other words, all voters would have to register as either a Democrat or a Republican and would now be allowed to cast a cross-over vote in the primary elections.

Although the local commission did not pass Brooks' proposed resolution, he stated that he would introduce it during the next session of the Silver Haired Legislature of which he is a member.

Two other resolutions introduced during Monday's meeting did pass. One resolved that Coffee County provides a drug-free work environment for its employees.

The other resolution which was passed by the commissioners recognized Probate Judge Marion Brunson for his accomplishments and the contributions he has made to Coffee County during his years of service as Probate Judge of Coffee County.

Other matters of business addressed by the commission were as follows:

***Awarded bid (the only bid) for steel "H" piling to J.D. Fields Co., Inc. of Metairie, LA. Their total bid was \$16,371.60 with a 14 day delivery.

***Voted to send out bid requests

BRAINSTORMS

With Ferrin Cox

US voters get some weird reasons for supporting the candidate of our choice. Prior to the November General Elections we heard a voter say he wasn't voting for Supreme Court Justice Clarence Thomas "because he was too liberal." We didn't think fast enough to remind our friend that Cook was endorsed in statewide advertisements by the Conservative Coalition. Like most Alabamians, we assume (none of the votes have been officially certified), Democratic Justice Cook did win the race, in spite of the Republican stampede. While we don't know the voting record of any of our Supreme Court justices, we have met Ralph Cook, know his track record "up through the ranks" and are comfortable with his election.

Convicted serial killer Jeffrey Dahmer was killed Monday by a fellow prisoner. Sorry preacher, but we feel no remorse over this death. While Christians could never advocate or encourage such an act, neither should they be expected to feel any personal loss over the death of the Dahmers of this world. The man confessed to committing unspeakable crimes and would have been in jail for the rest of his life with multiple life sentences. He would also have been an expense to the taxpayers of the state of Wisconsin. Now two men in jail is down to one man in jail and the long term expense should be cut in half also.

It is almost comical to watch as varying groups find judges sympathetic to their cause and secure yet another court injunction in the muddy matter of just who won the November 8th General Election in Alabama. One of two things could happen... First, they could continue to stumble from court to court until everyone tires of the effort. Second, some judge with a bigger stick could step in, spank all the participants and send them home to get a change of diapers.

There were problems in the general election... in fact we suspect there are problems of some sort in every election. However, we would point to a Wilcox County case to prove our point that Alabama has loopholes in the election laws. A candidate apparently won a write-in campaign by 11 votes... this is recent, like in the November elections. He got 631 votes to 620 for the officially qualified candidate. That part is okay, but the winner got 597 of his 631 votes from absentee! This was a County Commission race in one district of one rural black belt county! By comparison, there less than 400 total absentee votes cast in all of Coffee County. The entire population of Wilcox County is less than a third the population of Coffee County. We can't say the winning candidate, the opponent, or in fact anyone stole votes or broke the law in this matter, but even those closest to the candidates must admit it is a highly unusual outcome.

The first part of the Florida-Florida State football game was over when we got in front of the tube and started watching the action last Saturday. This means FSU was way behind and doing a poor job of catching up. We were lucky enough to see every play of the fourth quarter in which FSU came from a 28 point deficit to tie Florida 31-31. Games like that are made for spectators, but such regular high scoring endings are what we want on professional football. About the time when our interest in pro ball waned, it was nothing for each team to score several TD's in the last two minutes of the game. This caused our simple mind to wonder why the players on one or the other team didn't try a little harder during the other 58 minutes.

McCullough arrested on warrant signed by Elba utility employee

by Ferrin Cox
Publisher

City Councilman Earl McCullough was arrested last Wednesday afternoon on a warrant signed by an employee of the Elba Water and Electric Board.

Electrical lineman Larry Edkins swore out the warrant against McCullough following an exchange of words the two had in city hall earlier in the day Wednesday.

McCullough, who also serves as a member of the Water and Electric Board turned him self into the Sheriff's office in

New Brockton and was released on a personal bond of \$300. Following his return to Elba, McCullough related the following on the matter:

McCullough routinely went to city hall to sign checks and purchase orders as authorized (and required) by the city council resolution.

He said Mr. Edkins was in the city hall for some time during this period Wednesday and he asked why McCullough also said he commented that if the employee had no work to do, he should clock out and go home.

The misdemeanor case is scheduled for hearing in District Court later this month.

WITH BILL CLINTON'S SECOND TERM HOPES CONSTANTLY ERODING, WHAT QUALIFICATIONS WILL YOU LOOK FOR IN YOUR CHOICE FOR A '96 PRESIDENTIAL CANDIDATE?

FIRST! - HE'LL BE A WIDOWER.

FROM THE HOUSE

Congressman

Terry Everett

Liberals Undermine America's Defense

There is a strong urge for conservatives to say "I told you so" this week as the Pentagon reluctantly revealed that one-fourth of all active duty combat Army divisions are unprepared for combat.

There can be no doubt about the reason why — the Clinton Administration's huge military budget cuts.

In 1993 as part of his plan to fund more social spending, President Clinton announced a devastating additional \$157 billion in cuts from the already declining defense budget.

His goal is to reduce defense spending by more than one-half by 1999. The full effect of the Pentagon budget cuts hasn't yet been realized and even now our defense capability is beginning to weaken.

If the colossal reduction in military personnel and force structure isn't bad enough, President Clinton's own top Pentagon advisers seem to have been downplaying or totally ignoring the gravity of the situation.

For example, on October 13 Deputy Secretary of Defense John Deutch asserted that the state of readiness of U.S. military forces is higher now than it was in 1989 when Operation Desert Storm was launched.

"I think that the record shows that the readiness of the forces is as high as they have ever been," he said. He also dismissed concerns that the U.S. armed forces were being reduced to the "hollow military" of the Jimmy Carter years.

Just a few days ago in a letter to Congress, Defense Secretary William Perry admitted the truth — we are losing our military preparedness.

Deputy Secretary of Defense Deutch claimed that he hadn't had access to all the facts when he made his earlier

statement. One has to wonder how much else he doesn't know about.

House Armed Services Committee Ranking Republican Floyd Spence, S.C. pointed out just last week a number of defense "red flag" areas where problems were arising from the unheeded cuts.

Among them he noted that every forward-deployed (overseas-based) Army division has reported below par readiness ratings and the U.S.-based follow-on divisions have reported an even lower readiness status.

U.S. Air Force (Europe) air crews are so over extended in supporting peacekeeping and humanitarian operations that training for the primary combat missions has been seriously affected.

Aside from Air Force and Navy over extensions and unpreparedness, depleted military budgets forced 28 Marine Corps and Navy tactical aviation squadrons to ground 50 percent of their aircraft for the entire month of September.

Marine Corps aviation squadrons were completely grounded during the same period.

These examples represent only a few cases in a very disturbing trend. American military readiness and ability to respond to threats at home and around the world is at risk.

Given the world's current political instability, not to mention the continued threat from a volatile Russia and a potentially military-aggressive China, the United States cannot afford such weakness.

It can only be hoped that the new conservative Congress will be more successful in stopping the unraveling of our national defense before it is too late.

Red Cross Blood Drive to be held December 10

A blood donation is one of the most precious gifts anyone can give. During this holiday season the American Red Cross is encouraging all healthy individuals to give the best gift of all on Saturday, December 10, from 8:30 a.m. until 12:00 p.m. at the Elba Army National Guard located on Larkin Road.

The holiday season is one of the most critical times of the year to keep our area's blood supply at a safe level for family, friends and neighbors because many regular donors get busy with holiday activities and don't find time to give. Unfortunately, the need for blood doesn't take a holiday. Seriously ill people continue to need blood or blood components over the holidays. There are also many emergency needs which occur i.e. accidents.

Individuals who have not donated within the past 56 days as well as those who have never donated before are encouraged to do so during this drive. Donating blood is a simple and safe procedure that takes approximately 45 minutes.

Donors must be at least 17 years of age, weigh at least 110 pounds and be in good health. There is no age limit for senior citizens who are in good health.

ELBA RESCUE RECEIVES EQUIPMENT... Elba Rescue Squad recently received EMS equipment as part of a grant program of Southeast Alabama EMS Council, Inc. The equipment was purchased with SEAEEMS paying 75% of the cost and the remaining 25% coming from local match funds. Pictured here is Greg Hutchison, Field Coordinator for SEAEEMS, presenting the equipment to Mark Davis of the Elba Rescue Squad.

American Red Cross Standard First Aid Classes to be offered

The Collette County Chapter of Adult CPR, from 5:30 - 9:30 p.m., the American Red Cross will offer and Thursday night will feature First Aid, Standard First Aid on Monday and Tuesday, from 5:30 - 8:00 p.m. Course Thursday, December 5 and 8 at the fee is \$25.00. Counselor's
Corner

by Carrie Bradley & Annie Austin
The Air Force ROTC is offering scholarships to the high school graduating class of 1995. These scholarships could pay full tuition. Also, ROTC cadets on a scholarship receive \$100 monthly allowance during the school year. To be eligible, you must have a 2.5 GPA and have an ACT composite of 24. Also, the Alabama Retired Teachers Association is offering scholarships. The deadline for submitting applications is Friday, February 10, 1995.

???Question???
Corner

by Dawn Grimes & Cary Clark
As a student, unfamiliar teachers can be extremely intimidating. Whether students realize it or not, teachers have an enormous weight resting on their shoulders - everything they do and say can greatly influence the developing and shaping of students' minds. Many students do, however, recognize this responsibility and applaud the job that the teachers at EHS are doing. Question Corner asked several students to name their favorite teachers, and their answers were not surprising.
Janekia Hall: Ms. Hamilton.
Mandy Taylor: Mrs. Helms.
Jason Smith: Mrs. Padgett.
Jennifer Seland: Mr. Goodson.
Lalisha Hodge: Mrs. Scarborough.
D'Undray Peterson: Coach Lowery.
Forrest Hancock: Mrs. Rhoades.
Billy Kelley: Mrs. Rhoades.
Randy Dodd: Ms. Hamilton.
These teachers deserve our support and appreciation!

SALUTE

STUDENT SPOTLIGHT

Pictured above (l to r) are Emily Crowe, Misty Kelley, D'Undray Peterson, Kendra Vaughan, and Kevin Dodd.

by Mary Stephens and Ramey Bryan
Kendra Vaughan - Kendra is in the seventh grade and is the daughter of Ronnie and Altona Vaughan. She is a member of Student Council, SADD, and Jr. Beta. Kendra enjoys playing forward on the girls' basketball team, playing softball, talking, and having fun. She attends Elba United Methodist Church.
Kevin Dodd - Kevin is in the eighth grade and the son of Jim and Elaine Dodd. He is a member of FFA and enjoys playing basketball, baseball, and football. Kevin attends church at Westside Baptist Church.
Misty Kelley - Misty is the daughter of Jerry and Theresa Kelley and is in the ninth grade. Her hobbies include tennis, cheering with the Jr. Varsity Cheerleaders, swimming and shopping. She is a member of Chi Alpha Mu, Jr. Beta, FFA, SADD, Spanish Club, FBLA, and Student Council. Misty attends Westside Baptist Church.
D'Undray Peterson - D'Undray is the tenth grade son of Willie and Oita Peterson. He is a member of FCA, Spanish Club, FFA, and Student Council. D'Undray enjoys fishing, jogging, playing basketball, and playing football and linebacker for the Elba Tigers. He attends Bethlehem Baptist Church.
Emily Crowe - Emily is in the eleventh grade and is the daughter of Dale and Nancy Crowe. She is a member of FCA, FBLA, Jr. Beta, Student Council, and Girl Scout Troop #300. Her hobbies include cheering with the Varsity Cheerleaders, playing golf, and being with friends. She attends Elba First Baptist Church.

Elba City Schools Menu

BREAKFAST	LUNCH
Monday - Breakfast Pizza or Cereal, Juice, Milk.	Monday - Hamburger on Bun, French Fries, Baked Beans, Lettuce, Tomato, Dill, Fruit, Milk.
Tuesday - Pancakes or Cereal, Juice, Milk.	Tuesday - Spaghetti w/Meat Sauce, Green Salad, Field Peas, Bread, Fruit, Milk.
Wednesday - Sausage & Biscuit or Cereal, Juice, Milk.	Wednesday - Corn Dog, Macaroni w/ Cheese, Turnips w/Port, Cornbread, Dessert, Milk.
Thursday - Toast w/Jelly or Cereal, Juice, Milk.	Thursday - Baked Ham, Green Beans, Potato Salad, Fruit, Milk.
Friday - Eggs & Toast or Cereal, Juice, Milk.	Friday - Pizza, Broccoli/Cheese, Corn, Fruit, Milk.

TIGER TALK...

by Jonathan Ross

The Student Council at Elba High School has diligently endeavored to recognize students who have excelled academically and as a well-rounded student. In December, the Student Council will revive Student of the Month to honor seven outstanding EHS students per month. For more insight into this program, I talked with Shea Ward, vice president of the Student Council.
Tiger Talk: "How does the Student Council define a Student of the Month?"
Shea: "The Student Council believes a Student of the Month should be enthusiastic, well-behaved, and a conscientious worker."
Tiger Talk: "What is involved in the selection process of students?"
Shea: "Each teacher submits a recommendation for their choice of Student of the Month. The executive committee of the Student Council then chooses seven students to be recognized."
Tiger Talk: "How are recipients of the Student of the Month award honored?"
Shea: "Each student who is chosen as Student of the Month is featured in the yearbook and on a bulletin board in the commons area. This Student Council activity encourages achievement and motivation for every student."
The EHS Student Council should be commended for this program. Hopefully, students will strive to be recognized as a Student of the Month. I would like to thank Shea Ward very much for the time she donated to this article.

***** FFA News *****

On November 6, 1994, members of Elba's FFA Chapter traveled to Kansas City, Missouri, for the 67th National FFA Convention. On the way, the group stopped in Cullman, Alabama for practice in Livestock Judging. They spent the night in Mr. Vernon, Illinois, and then headed to St. Louis. One of the highlights of the trip was touring the arch. After traveling to St. Joseph, the livestock judging team was allowed to attend a judging clinic at the stockyards. After lots of practice, they finally arrived in Kansas City and judged against 46 other teams from across the U.S. The team was awarded the National Bronze Plaque. The judging team members included: Charles Bozeman, Matthew Faris, Robyn Rhoades, and Bo Boyd. Also attending the trip were Mr. Heaton, Troy Lawless, Melissa Hall, Dusty Smith, Leigh Kelley, Heath Kilcrease, and Heather DuBoise. While in K.C., every-one had the opportunity to see many exhibits and attended various leadership conferences. Everyone enjoyed the trip.

Elba Students
Lunch Rockets

by Elizabeth Stephens
On November 9, 1994, students in Mrs. Huggins' eighth grade science classes launched the rockets they had been working on for the past two weeks. Before launching the rockets, the classes split into groups of four to assemble them. Everyone enjoyed the experiment. You never know - the next Neil Armstrong might be sitting in Mrs. Huggins' class!

And More Epitaphs.....

Here Lies the Body of Jody Vaughan Martin
Rose
Colorful, simple, beautiful, too,
She was like a rose to me and you.
Like a rose adds a smile to a face with a frown,
She was always there,
Helping someone who was down,
Though her life wilted quickly and took us by surprise,
The love she held for her friends was never in disguise,
Though you're now in a large rose garden full of beauty,
We'll always remember you as our rose, Jody.
She was born July 7, 1953
Died September 27, 1994

The Body of L. Tillis, Jr.
Like the words of a poem,
His subject showing simple meaning,
Showing the trials of life,
And its complex feelings,
Even though this poem will never be completed,
Soon his death he had to meet,
Now in a perfect and new meaningful beginning
His love for all will never be ending.

by Jill Martin

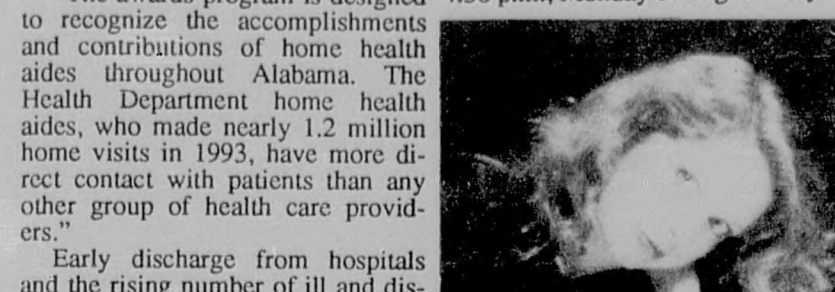

by Laythron Tillis

Kenneth Ball & Leoda Cantwell

Home Health Aide of the Year announced

The Alabama Department of Public Health observed November 1994 as Home Health Aide Month in Alabama.
An awards ceremony in Montgomery honored the 1994 Home Health Aide of the Year for each county in Alabama. Coffee County's winner is Leoda Cantwell. County nominees were chosen at the local level.
"The awards program is designed to recognize the accomplishments and contributions of home health aides throughout Alabama. The Health Department home health aides, who made nearly 1.2 million home visits in 1993, have more direct contact with patients than any other group of health care providers."
Early discharge from hospitals and the rising number of ill and disabled elderly individuals are increasing the need for community care services. Health care assistants are often the "unsung heroes" in the provision of quality care at home and in clinic settings.
For more information about home health care and clinic services provided by Coffee-County Health Department call 347-9574, ext. 277 between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday.

Stacy Seay

American Cancer
Society to meet Dec. 6

The American Cancer Society Coffee County Unit will hold their monthly board meeting Tuesday night, December 6, at 6:00. The support group meeting will follow at 6:45 p.m. This group meeting is for cancer patients, families and friends. The meeting will be held at the Episcopal Church located at 302 East Grubbs Avenue, across from the Post Office in Enterprise.

Psi Chapter of Delta
Kappa Gamma to meet
Dec. 3rd

The Psi Chapter of Delta Kappa Gamma will meet at Ella's Tea Room on Saturday, December 3, 1994 at 8:30 a.m.
Ornaments will be exchanged.

May Bryan to
be honored with
birthday reception

Mrs. May Lee Bryan will be celebrating her birthday on Sunday, December 4 with a reception to be given by her children, grandchildren, and great grandchildren.
Mrs. Bryan, born in 1899, is one of 11 children born to Sallie May Roberts Lee and Robert Edward Lee in the Lee Community.
Mrs. Bryan retired in 1962 after teaching school for 42 years.
The reception will be held in the fellowship hall of the First Baptist Church in Elba, from 2:00 p.m. until 4:00 p.m. Friends and relatives are invited to attend.

Elba Elementary
Retired Teachers Tea
held Nov. 17

A tea was held on November 17 to honor retired teachers for their years of teaching at Elba Elementary School. The retired teachers were welcomed by Mr. Dale Crowe, principal, and Mrs. Judy Killingsworth, assistant principal, in the conference room of the Elba Elementary School. Refreshments and reminiscing were enjoyed by Mrs. Virginia DeVane, Mrs. Miriam Parker, Mrs. Louise Bozeman, Mrs. May Bryan, Mrs. Merle Bragg, Mrs. Jessie Windham, Mrs. Nellie Martin, Mrs. Elmer Taylor, Mrs. Norma Nell Hornsby, Mrs. Hazel Lee, Mr. Stanley Prior, Mrs. Addie Belle Martin, Mrs. June Hamm, Mrs. Sara Sharpless, Mrs. Addie P. Newman, Mrs. Sybil Hahn, and many of our present staff.
We would like to thank the Elba Elementary Student Council for a wonderful job of serving. Valance Moore, president; Chelsea Cooper, vice president; Bethany Dye, secretary; Evan Maddox, treasurer.
The tea was sponsored by the Elba Elementary PTO.

Elba Student added
to Honor Roll

The name of a sixth grade student at Elba Elementary School was accidentally omitted from the list of students submitted from the school for publication.
Bethany Dye should have been listed on the "A" honor roll.
Al. Institute for Deaf & Blind announces honor roll
Students from the Alabama Institute for Deaf and Blind making the A-B Honor Roll this period are: Alabama School for the Deaf, high school; Billy Magwood of Elba, AL.

Views From THE PRESSBOX

By Ricky Mularz, Sports Editor

Melanie had been looking forward to Thanksgiving for a couple of weeks and seemed a little disappointed Thursday afternoon when she found out that the Mularz house the main course at lunch was turkey. She filled up on four helpings of macaroni and cheese, but did have fun later in the day when we visited with almost 30 friends and relatives, including a lot of children. I guess all in all she did have a good time, even if it wasn't anything like she expected!

PLAYOFF LOSS MIRRORING DISAPPOINTING SEASON

Friday night's loss to South Lamar was simply another in the long list of disappointing losses suffered by this year's talented, but unlucky group of Elba Tigers. The season started way back in September, and in the season opener Elba could have easily defeated SA Charles Henderson, but mistakes and a blocked field-goal resulted in a loss. The Tigers dominated an outstanding Georgiana team, but failed to score after some long drives, and lost again, and the same was true against SA Opp, as the Tigers jumped ahead of the Bobcats, but lost when a last-second field-goal sailed wide. Elba was flat against Luverne in the first half and fell behind 14-12, but totally dominated the second half and could have won the game, but missed on two conversions and fell 14-12. Those four regular season losses could have, and maybe should have, been wins, as was the case Friday night up at South Lamar.

Against the undefeated Stallions, Elba totally dominated action in the first half and could have been on top by three touchdowns, only to fail to take advantage of its opportunities. The Tigers drove 33 yards before punting on their first possession; drove 60 yards for a touchdown on their second possession; drove 61 yards to a first and goal at the 4-yardline on their third possession, only to fail to score as a gimme field-goal was blocked; had the ball first and goal at the 9-yardline on the next possession, only to turn the ball over on a first down interception; and, drove 39 yards to a first down at the 23-yardline, but ran out of time and saw a field-goal try fall short. The second half was more of the same, as Elba took the second half kickoff and drove 40 yards, only to fail to convert on a fourth down and one at the 5-yardline.

An interception at the Elba 43 led to a South Lamar score on the second series of the half, while on the third possession the Tigers drove 19 yards before punting. A fumble recovery gave Elba a first down at the South Lamar 28, but the Tigers had a pass completion wiped out by a penalty and one play later the Tigers had the ball back at the 45-yardline, instead of the six. Elba got the ball back one final time at its own 17-yardline and moved to one first down, but then failed to move the chains again and took yet another heart-breaking loss.

The 1994 Elba Tigers finished the season with a record of 5-7, but this year's team certainly wasn't a team of losers. The Tigers made mistakes, as do all teams, but never gave up in spite of the odds and battled until the final horn against some of the best teams in the state. A loss is a loss, no matter how you look at it, and the '94 Tigers lost seven games. However, the Tigers were only "beaten" twice in 12 games and could have easily won the rest of the games and still been playing this week. It just wasn't the year of the Tiger in Elba, and with returning players like Chris Tyson, Sterling Jones, D'undray Peterson, Griffin Shirley, Leray Smidley, Brian Rowe, Todd Hooks, Todd McKee, Eddie Cowen, Earl Perkins, Todd Granham, and Rudy Free, you can bet the losses will bring back bad memories and in '95 these Tigers will work hard and provide the leadership needed to reverse the losses and return the Tigers to the top in Class 5A.

THIRD ROUND ACTION FILLED WITH EXCITEMENT

The third round of the state football playoffs was held last week and there was plenty of action in each and every class, and more than the usual number of upsets. Here's a look back at a wild week in the playoffs...

CLASS 6A - Northview kept its title hopes alive with a 26-23 three-overtime win over previously unbeaten Vidor, while Anniston stunned defending champ Central, of Phenix City, 34-7, to move into the semi's. North Alabama powers Jess Lanier and Central, of Tuscaloosa, bit the dust, leaving unbeaten Shades Valley and Woodlawn to fight for a spot in the finals.

Turkey Shoot to be held at the Masonic Lodge in Elba

There will be a Turkey Shoot Road. The cost is \$2.00 per shoot, held at 9:00 a.m., Saturday, December 3, 1994 at the Elba Masonic Lodge #170 located on Airport

CAHHS Local Office • Route 3, Box 8-B • Luverne, AL 36049

CLASS 5A - Greenville survived losing 5 fumbles to dump Stanhope Elmore 27-11, while Jackson shocked highly-touted Smiths Station 27-18 to make the final four, while up north Homewood clobbered John Carroll and will meet perennial-power Russellville.

CLASS 4A - T.R. Miller struggled to get past Clarke County during the regular season, but looked unstoppable Friday night in claiming a 48-15 win, while Lanett finally regained its regular season form in whipping Greensboro 21-0. Coming out of the month will be either Alexandria, a big winner over Fairview, or Cleburne County, which rallied in the second half to remain unbeaten.

CLASS 3A - Luverne was clinging to a 14-7 lead in the second half with the ball at its own 1-yardline, but when things appeared at their worst, the Tigers came through with a 99-yard run to claim a 21-7 win over Dadeville. Elba beat South Lamar everywhere except the scoreboard and came out on the short end of a 14-7 score, while up north Sylvania and Colbert County both claimed impressive wins.

CLASS 2A - Leroy continued its annual success in the early rounds of the playoffs with a 19-10 win over Reethorn, while Clay County tossed a shut-out at top-ranked Georgiana in posting a 7-0 win. Gordo made it to the final four with a 19-12 upset win over West Morgan, and Tanner defeated Hazlewood for the second time this season and moved into the semi's.

CLASS 1A - Maplesville stayed alive in the small school ranks with an impressive 26-0 win over A.L. Johnson and will now face Carrollton, which shocked Billingsley 14-6, while up north Lynn upset Talladega Central and Addison stunned Courtland 8-7.

ROUNDABOUT TIME IS HERE FOR AREA TEAMS

The high school football playoffs are still going on across the state, but locally the elephants have been hung up and the sneakers have been laced up, and that means it's time for roundabout action. Here's a quick peek at the upcoming season.

ELBA TIGERS - The Tigers made it to within one win of the state tournament the past two years before being ousted by the eventual state champions, but this year may face a rebuilding task. Starting point-guard Rossese Coleman moved to Florida, starting forward Che Vaughan has chosen not to participate to concentrate on baseball and sixth-man Brian Rowe underwent knee surgery during football season. Starting forward Cory Howe will return and give the Tigers some muscle inside; however,

unless the Tigers pull a rabbit out of their hat, it could be a rebuilding season for new coach Danny Weeks.

NEW BROCKTON GAMECOCKS - The Gamecocks are loaded with quickness and athletic ability, and if they can channel that into a basketball team, the Gamecocks could be a team to watch this season. Brockton is now 1A and in the Area with Kingston, Zion Chapel, McKenzie and Pleasant Home, which should also make life easier this season.

ZION CHAPEL REBELS - The Rebels have struggled in recent years to have a winning record and the same could be the case this year as the Rebs must play near-perfect every game to have a chance. The Rebs have been waiting for scars, maybe this is their year.

KINSTON BULLDOGS - The Bulldogs have a solid nucleus coming back and should be one of the surprise teams in the area ranks. The Bulldogs have size, quickness and good outside shooting, and the result should be a bunch of wins.

BRANTLEY BULLDOGS - The two-time defending state 1A champs are now 2A, but should find success against the bigger teams in the new classification. Brantley is not as loaded as in years past, but does have quality players in 6-5 Adrian Person and 6-2 Jimmy Burnett, and should threaten for yet another state crown.

POLISH PROGNOSTICATOR STUMBLES PAST ROUND THREE

Ye Ole Polish Prognosticator was still yawning when he came by the office over the weekend and stumbled when coming through the door. I jokingly asked him if he had tripped on last week's predictions, but he didn't share my humor and starting back complaining about how the brackets in this year's football playoffs are stupid, and brought up the fact Elba had to travel to Birmingham and Milpott, when Luverne was still around in the playoffs. He made some sense, but finally admitted that he struggled to a 12 and 12 mark last week, and now stands at 416 - 94 for the year. He pulled out a coin and before leaving gave these two-bit predictions, fresh from his quarter....

Northview 27 Anniston 17
Shades Valley 24 Woodlawn 7
Greenville 20 Jackson 14
Russellville 21 Homewood 10
T.R. Miller 17 Lanett 7
Cleburne County 21 Alexandria 17

South Lamar 14 Luverne 13
Clay County 17 Sylvania 14
Clay County 10 Leroy 7
Tanner 21 Gordo 7
Maplesville 20 Carrollton 14
Addison 14 Lynn 12

Sports

Own early 2-1 record in basketball

Junior Tigers dump Enterprise & Opp

The Elba Junior High Tigers have opened the 1994-95 basketball holiday season with a 2-1 record, and entering last week's game had a record of 2 wins and 1 loss.

The Tigers opened the season with wins over Enterprise Junior 74-61 and Opp 45-31, but then fell to Andalusia 49-47. Following are highlights of Elba's three games:

ELBA 74 ENTERPRISE 61

The Junior Tigers pulled ahead in the second quarter and then

American Legion to hold District Meeting & Turkey Shoot

The American Legion will hold their district meeting Thursday, December 1, 1994 at 7:00 p.m. (tonight).

A Turkey Shoot will be held Saturday, December 3, 1994 at 8:00 a.m. at the American Legion.

State football playoffs enter semifinal round Friday night

The semifinal round of the Alabama High School Athletic Association's State Football Playoffs will be held this week, and included among the teams still alive in their fight for a state title are six unbeaten teams and three area runner-ups.

The unbeaten teams include Shades Valley (13-0) in 6A, T.R. Miller (13-0) and Cleburne County (13-0) in 4A, South Lamar (13-0) and Sylvania (12-0) in 3A, and Tanner (12-0) in 2A.

Area runner-ups making the Final 4 in the playoffs included Lynn (10-3) and Maplesville (11-2) in 1A and Alexandria (11-1) in 4A. Two of the runner-ups will face a rematch with their area champions this week, with Lynn traveling to Addison and Alexandria traveling to Cleburne County.

Following are the complete pairings for the semifinals, and the quarterfinal results:

SEMIFINAL MATCH-UPS

Class 6A
Anniston (11-2) at Northview (10-2)
Woodlawn (11-2) at Shades Valley (13-0)

Class 5A
Jackson (11-2) at Greenville (11-1)
Russellville (12-1) at Homewood (10-3)

Class 4A
T.R. Miller (13-0) at Lanett (12-1) 7:00 p.m.
Alexandria (11-1) at Cleburne County (13-0) 10:00 p.m.

Class 3A
South Lamar (13-0) at Luverne (9-4) 7:00 p.m.

Class 2A
Clay County (12-1) at Leroy (11-2)
Tanner (13-0) at Gordo (11-2)

Class 1A
Carrollton (8-5) at Maplesville (11-2)
Lynn (10-3) at Addison (12-1) 7:00 p.m.

QUARTERFINAL RESULTS

Class 6A
Northview 26 Vigor 23 (3 O.T.)
Anniston 34 Central PC 7, Woodlawn 28 Jess Lanier 19, Shades Valley 24 Central Tuscaloosa 7

Class 5A
Greenville 27 Stanhope Elmore 11, Jackson 27 Smith Station 18, Homewood 30 John Carroll 15, Russellville 36 Athens 14

scoring of Michael Hooks, but then went cold from the floor and watched as Opp narrowed the lead to 24-23 after three quarters of play. The Junior Tigers regained command early in the final stanza behind the three-point shooting of Lorell Wilkerson and rolled to the win.

Michael Hooks scored 13 points to lead Elba, while Lorell Wilkerson added 11 and Courtney Robinson added 10. Also scoring for Elba were Derek Marler 9 and Marcus Silar 2. Hines led Opp with 10 points.

ANDALUSIA 49 ELBA 47

The Junior Tigers saw a late rally fall short as Andalusia held on to edge Elba 49-47.

Elba led 11-8 after one quarter and held a slim 22-20 lead at halftime, but saw Andalusia pull ahead 38-33 in the third quarter and held on for the win.

Lorell Wilkerson scored 17 points to lead Elba, while Marcus Silar added 11.

Andalusia (49): Curry 4, Leslie 13, Wrench 2, Smith 14, J. Leslie 8, Hughes 2, Matthews 6.

Elba (47): Wilkerson 17, Hooks 9, Marler 6, Silar 11, Robinson 2, Thigpen 2.

Registration for basketball to end Dec.2 in Elba

The Elba Department of Parks and Recreation will conclude registration for Youth Basketball Leagues on Friday, December 2. Leagues are being formed for boys ages 8-10 and 11-12, and this year a league is being formed for girls ages 8-12.

Any boy or girl that turned 13 after Sept. 1, 1994, is eligible to register for the leagues, and additional players are needed for both the boys 11-12 league and the girls 8-12 league.

Coaches are also still needed for both leagues, and should contact Ricky Mularz at 897-6833 or 897-2333.

Teams will be selected on Monday, December 5, making it important that coaches are found as soon as possible!

Mitchell Trull scored 17 points to lead New Brockton, while Chris Flowers added 15, Marcus Brown scored 11 and Adam Barr tossed in 10.

Elba's Chris Tyson (20) follows the block of fullback D'undray Peterson (33) as he eyes room to run in last week's playoff battle with South Lamar. Tyson gained 11 yards on 23 carries in the Tigers' 14-7 loss to undefeated South Lamar.

By Ricky Mularz, Sports Editor

The Elba Tigers scored on their second possession of the game to grab an early 7-0 lead, but then came away empty-handed after driving inside the South Lamar 10-yardline on three different occasions, and watched as the top-ranked Stallions punched across a

Elba quarterback Che Vaughan (10) heads to the sidelines after picking up a big gain during a Tiger drive in the second quarter. Vaughan had a big night running as Elba lost a hardfought 14-7 decision to South Lamar.

Elba defensive-end Cory Howe (86) leaps high in an attempt to knock down a pass during action last week in the Tigers' 14-7 loss to South Lamar.

GANG-TACKLING TIGERS...Todd McKee (54), D'undray Peterson (33), Daniel Kidd (61) and Todd Hooks (60) combine to stop a Stallion runner for a short gain.

Tiger fullback Detrick Kyles (30) bursts through a hole enroute to a big gain during first quarter action last week. Making the key blocks that opened the hole are Cory Howe (86) and Bo Boyd (75). The Tigers ended the season with a 5-7 record.

By Ricky Mularz, Sports Editor

stopped South Lamar on its initial two series of the game, while the Tigers did manage a first down and moved across midfield, only to bog down and punt.

Elba began its second possession at its own 40-yardline and stunned the Stallions by marching 60 yards in only five plays to grab a quick lead!

Michael Vines booted the extra-point and with 1:45 left in the first quarter Elba was on top 7-0.

South Lamar abandoned its highly-touted running attack on the ensuing series and drove 64 yards in eight plays to catch the Tigers at 7-7.

Allen Foster was 3 for 3 passing during the drive for 41 yards, while it was Patrick Sudduth that carried the load on the ground as he gained 23 yards on four carries and got the score on a 2-yard dash. Foster added the extra-point and with 9:48 left in the second quarter the score was deadlocked at 7-7.

Elba was unimpressed with the South Lamar touchdown, and flexed its muscle by marching 61 yards in 12 plays to reach a first down and goal at the Stallion 4-yardline.

Chris Tyson gained 29 yards on four carries during the march, while the key play came on a third down and four at the South Lamar 47-yardline, when Che Vaughan hit Griffin Shirley with a quick pass, and Shirley broke a tackle at the line of scrimmage and sprinted down the sidelines to a first down at the South Lamar 31.

A 9-yard run by Vaughan gave the Tigers a first down at the four, but a fumble pushed the Tigers back to the seven-yardline, and Elba failed to get on the scoreboard as on fourth down a 23-yard field-goal attempt by Vines was blocked.

Elba's defense gained the ball right back at the South Lamar 9-yardline when D'undray Peterson recovered a fumble after a big hit by Mott Barnes; however, a penalty on first down backed the Tigers up to the 14-yardline, and Elba again came away empty-handed as on first down Che Vaughan's pass was intercepted in the endzone.

Elba threatened to score again late in the half and marched to the South Lamar 21-yardline, behind the running of Chris Tyson, only to see a 37-yard field-goal try by Vines fall short with seconds left on the clock, as at the half the score was still tied at 7-7.

Elba received the second half kickoff and picked up where it had left off prior to intermission as the Tigers drove 60 yards in 12 plays to reach a fourth down and one inside the South Lamar 5-yardline.

D'undray Peterson was the workhorse of the drive as he gained 12 yards on three carries and rambled for 20 yards after pulling in a screen pass, but close again didn't count for the Tigers, as Elba was stopped short on the fourth down play, and another scoring opportunity went by the board.

South Lamar failed to move on its initial series of the half, but got a break when a line-drive punt turned into a 59-yard boot thanks to a big roll, and then got the break of the game when the Stallions intercepted Che Vaughan's pass at the Elba 43-yardline with 1:04 left in the third quarter.

An 18-yard gain on a screen pass from Foster to Andy Leonard gave the Stallions a first down at the Elba 27, and when Tim Grant bulled for 16 yards on third down and two, South Lamar had a first and goal at the Elba 6-yardline.

South Lamar scored one play later when Chris Crippin pulled in a deflected pass from six-yards out, and Foster again hit the extra-point, giving the Stallions their first lead at 12-7 with 10:07 left in the game.

Elba had to punt on its next series, but the aggressive Tiger defense handed the ball right back to the offense as Todd McKee knocked the ball loose with a vicious hit and Mott Barnes recovered the fumble at the Stallion 28-yardline with 7:45 left in the game.

Elba appeared to move to a first and goal at the South Lamar 6-yardline, when Che Vaughan hit Chris Tyson with a 21-yard completion; however, the Tigers were penalized for having a lineman down field, and instead of a first and goal at the six, Elba was facing a second down and 14 back at the 32-yardline.

Elba again appeared to have a big play when a halfback pass from Chris Hudson sailed toward Cory Howe near the corner of the endzone, but a South Lamar defender arrived just as the ball got to Howe, and broke up what had looked like a sure Elba score.

Howe was hit with a 15-yard unsportsmanlike conduct penalty after knocking the defender out of bounds, and after the second of two huge penalties, Elba was faced with a fourth down and 27 yard back at the South Lamar 45-yardline.

A fourth down pass fell incomplete, and South Lamar needed only to run out the clock to claim the win.

The Stallions ate up over four minutes off the clock and marched to a first down at the Elba 33-yardline, but the defense refused to surrender any more yardage, and handed the ball back to the offense for one last time with 2:11 left in the game on a leaping interception by Che Vaughan at the Elba 17-yardline.

Elba moved to a first down at the 28 with 1:33 remaining, but Vaughan was sacked twice, and on fourth down a desperation pass fell incomplete, as South Lamar held on to claim the 14-7 playoff win.

Chris Tyson gained 111 yards on 21 carries to lead Elba, while Detrick Kyles added 48 yards on 5 carries before being injured in the second quarter.

Che Vaughan gained 31 yards on 8 carries and hit on 6 of 18 passes for 66 yards, with Cory Howe piling in 3 passes for 21 yards.

The vanquished South Lamar ground game was held to 85 yards on 26 carries, with Tim Grant being the leading runner with 41 yards on 9 totes.

Rudy Free and Todd McKee led the Elba defense with 7 tackles apiece, while Mott Barnes had 5 tackles and a fumble recovery and Che Vaughan made 5 tackles and had one interception, and Todd Hooks also made 5 tackles.

STATISTICS

Elba again appeared to have a play when a halfback pass from Chris Hudson sailed toward Cory Howes near the center of the endzone, but a South Lamar defender broke just as the ball got to Howes, and Howes up what had looked like a sure Elba score.

Howes was hit with a 15-yard uncharacteristic penalty after blocking the intended out of bounds, and after the second of two

DISTRICT ATTORNEY'S OFFICE SET TO TRY CASE AGAIN

Owen Ziglar's second trial ends in hung jury

by Marvin McLWain
Editor

Spencer Owen Ziglar's second trial ended last Thursday in a 9-3 deadlocked jury which resulted in a mistrial. Nine of the 12 jurors favored conviction while three were for acquittal.

Ziglar, 58, was originally charged with murder in the January 30, 1990 shooting death of Edward Lamar Kelley, 56, of Elba.

Kelley was killed by a shotgun blast which was fired through the front door of his mobile home located on Taylor Mill Road just west of Elba. He died of wounds to the face, neck and chest.

A conviction of the lesser included offense of manslaughter was the verdict in Ziglar's first trial held in June 1991. He was sentenced to 20 years in the state penitentiary.

In May of 1993, the Alabama Court of Criminal Appeals over-

turned the verdict and ordered a new trial.

The Appeals Court ruled Ziglar was entitled to a new trial because he and his estranged wife, Donna Ziglar of Plant City, Fla., were not legally divorced during the June 1991 trial; therefore, her testimony should not have been allowed.

Part of her testimony in the first trial was that she had an affair with Kelley and Doug Taylor while she was married to Ziglar. She did not

testify during last week's trial.

Ziglar went to Taylor's home located in Opp, AL on the night that Edward Kelley was shot and killed.

During the state's presentation, a firearms and tool mark expert testified that a spent shotgun shell found at the scene of the shooting was believed to be the one that killed Kelley. He further testified that the shell bore extraction and ejection marks consistent with the shotgun taken off Ziglar on the night of his arrest - the same night as Kelley's murder.

Both an independent expert for the defense and the state's witness agreed that although the markings were consistent with the defendant's shotgun, it did not necessarily prove that the firing pin was "non-descriptive," both experts testified.

Liprot, and Carlton Pynes; (Back row, l-r): Steve Whitehurst, Charles Grant, Bill Brooker, Hazy D. Anderson, and James Gulin. Other high-contributors not available for the photo were: Gary Stanley, Larry Brashears, Rachel Williams, and Rufus Hudson.

MAXIMUM SENTENCE IS 1 YEAR IN JAIL AND A \$2,000 FINE

Jury finds Creel guilty of misdemeanor

by Marvin McLWain
Editor

An eight-man, six-woman jury found Joseph Dwight Creel, 28, guilty of two misdemeanor charges after deliberating less than seven hours.

Testimony in Creel's trial began Monday afternoon, November 28, and ended Wednesday morning, November 30.

Creel was charged with two counts of homicide by vehicle and one count of second-degree assault stemming from a two-car crash which occurred near the Basin Com-

munity on July 8, 1990.

Dorothy A. Skinner, 56, and Scotty Wayne Norris, 19, were both killed in the crash. Also injured in the mishap were Ronnie Crawley and Myrtice Guy, 71.

Both Crawley and Norris were passengers in the vehicle driven by Creel. Mrs. Skinner was a passenger in the car being driven by Mrs. Guy.

All those involved in the mishap were from Elba.

In April of 1991, Creel was tried and found guilty on two counts of homicide by vehicle in the deaths of Norris and Skinner. He was found guilty of second-degree assault as a

result of the injuries sustained by Guy.

At that time, Creel was sentenced to 5 years in prison on each of the vehicular homicide convictions and 10 years on the assault conviction with all sentences to run concurrently.

In August of 1992, the Alabama Court of Criminal Appeals overturned the above verdicts stating that the chain of evidence involving a blood sample drawn from Creel had been broken.

The case was remanded to the Coffee County Circuit Court for disposition.

A new trial was set to begin on October 11 but a mistrial was declared by Circuit Judge William (Bill) Barr due to a "prejudice and inflammatory incident."

The "incident" occurred when a family member of one of the victims, Detrect Skinner, entered the courtroom, during jury selection, wearing a T-shirt which had printed on the front "Crime doesn't pay, Victims do," and on the back "Victims Of Crimes And Leniency (V-CAL) comforting victims fighting for their rights."

During the testimony phase of the trial, state witnesses testified that Creel had been drinking, was exceeding the legal speed limit, and

New Brockton Council receives report from state examiners

by Marvin McLWain
Editor

The New Brockton Town Council wasted little time in conducting town business Monday evening. In less than an hour, members of the council tended to several "mostly routine matters" and adjourned.

A majority of the time was spent in reading a report from the State of Alabama Department of Examiners of Public Accounts.

Upon taking office more than two years ago, Mayor Kathryn Holley had requested that an audit of the town's finances be conducted by state auditors. The report was the result of that review nearly two years later.

The special review and the report read by Mayor Holley Monday night dealt mainly with the police and wa-

ter. The police department was found to be in compliance with state standards.

Please See NBTC, Page 12

NEW BROCKTON COUNCIL

'TIS THE SEASON...The Salvation Army Volunteers will once again be ringing the bell and manning the red kettle in front of the Big Bear to collect contributions. The public is being asked to remember those in need and to pitch in those nickels, dimes, quarters and dollar bills. This year's goal is \$3,000.00. Anyone wishing to donate their time as a "bell ringer" can contact Jean Moore, chairperson for the fundraiser, at 897-2841. Pictured above are (l-r): Mary Lee, Pierre Lee, Jean Moore, and Nancy Brunson

* * HAPPENINGS * *

75th ANNIVERSARY CELEBRATION. There will be a city-wide celebration in Enterprise honoring the 75th Anniversary of the Boll Weevil Monument on Sunday, December 11, 1994. The ceremony will begin at 1:15 p.m. and will take place in the heart of downtown around the Boll Weevil Monument. An open invitation is extended to all to attend. The monument stands as a symbol of this area's determination to prosper after utter destruction.

SANTA CLAUS ON THE SQUARE. Santa Claus will be in the gazebo on the square in downtown Elba Saturday, December 10, for pictures. Photos will be taken from 10:00 a.m. until 12:00 noon by the Elba High School Yearbook Staff. The cost will be \$3 per picture.

LIMITED EDITION. The Elba Chamber of Commerce is sponsoring the sale of a limited edition "Our Town" Christmas ornament. This is the seventh edition featuring landmarks in historic Elba. Ornaments may be purchased at the following locations: Big Bear, Bradley's Florist, Chamber of Commerce, Elba Frame & Gift, Mr. Henry's, The Jewel Box, and Whitman's Drug Store.

One-car wreck takes the life of an Elba man

by Marvin McLWain
Editor

An Elba man was pronounced dead at the scene by Coffee County Coroner Bobby Baker after his van ran off a county road last Friday evening.

William C. Miller, age 35, of 232 Morrow Village, Elba, AL was killed when he was thrown from his 1985 Chevrolet van.

Shortly after 7:00 p.m., an Elba police unit attempted to stop a brown and beige colored van traveling south at a high rate of speed on Claxton Avenue in Elba.

After making several turns on streets in the downtown area and narrowly missing other vehicles, the van headed south on the Old Samson Road. During this time, several patrol units were attempting to stop the vehicle.

The van, with police in pursuit, continued traveling down AL Hwy. 87 South at a high rate of speed and driving very recklessly.

Elba patrol units were instructed to "back off" (discontinue the chase); however, they did continue to follow the van at a distance without blue lights and siren due to the reckless manner in which the van was being driven.

Officers feared that the van would run into another vehicle causing others to be injured.

After traveling south on AL Hwy. 87 for several miles, the van turned west on Coffee County Road 462.

The van, still traveling at a high rate of speed, continued on Co. Rd. 462 for approximately 4 miles before leaving the roadway and overturning in a field. Time of the accident was at about 7:20 p.m.

The accident is being investigated by the Alabama State Troopers.

Hearings held on 4 laning of Highway 84

by Ferrin Cox
Publisher

Hearings were held in Elba, Opp and New Brockton last week on the proposed four-laning of U. S. 84 from Enterprise to Andalusia.

According to highway officials present at the meetings, the highway will follow the same route as the present U. S. 84 and will pass through all three of the communities where the hearings were held.

Cemeteries are avoided wherever possible. "It is a major problem when we try to get a cemetery moved to build a road," it was explained. Highway department officials at the meeting.

Maps and drawings displayed at the meetings showed routes and roadway design for the project.

In the case of both Elba and New Brockton, several alternate routes were proposed. Attendees at the meetings were urged to ask questions and express their views on the various proposals.

They were also asked to send in written opinions to be included in the records and to help formulate the final plan.

In the Elba portion of the proposals, there were five alternatives being considered for the route of the four lane highway.

1) was to follow the exact route of the present highway right through downtown Elba. However, highway officials have expressed several major problems with this option, including the destruction of a large number of downtown businesses and the steep hill which violates current engineering standards.

2) Go off Brunson Hill to the left and come into town somewhere about the old rail.

3) Go off Brunson Hill to the left and join the Kinston Highway at the southern end of the 203 Bypass.

4) Go further South of downtown and join the present Highway 84 out near Airport Road.

5) Go North from Highway 84 East about the city limits out past the cemetery, cut through Riverview and join the 203 Bypass on the North side of town. This option would cross a lot of low land and would en-

compass a very long and expensive bridging situation, according to

NEWS BRIEF

A Bethany community man has been sentenced to two consecutive life sentences without parole and one consecutive sentence of life.

Billy Ray Myers, 47, was convicted last month on one count of first-degree rape, three counts of second-degree kidnapping, and one count of first-degree robbery.

Myers was sentenced by Circuit Judge William Barr under the Habitual Offender Law.

During Myers' sentencing hearing, prosecutors produced evidence of his two prior convictions of rape, one robbery, and one escape conviction.

Joe Sawyer, Myers' defense attorney, said that the verdict and sentence would be appealed.
